

Winter 2021 Children's Program Guide

DETAILS ON WHAT'S IN STORE...

Winter Session Begins Jan. 25 Registration begins Jan. 11

Let's get learning! During the ongoing COVID-19 pandemic, our programming includes both digital Zoom classes and free, take home activity kits for children and families.

PS- got a Middle Schooler in your family? We have programs for them, and adults too! Ages 11-18 are serviced by our teen programming department, and there's plenty of opportunities just for middle schoolers. [Click here for more information on teen programs!](#) Looking for adult programming? [Click here.](#)

How to Register

If you find a program you wish to register for, click on the red, underlined name of the program to be taken directly to the Eventbrite registration page for the program. You can also register from our event calendar. If you encounter any difficulty, contact us for assistance.

Got Leftover Materials?

If you have reusable materials from previous library kits that you no longer want/need, like toys or stickers, we will happily take them back. Contact Ms. Neena directly for more information.

Early Literacy and More

Programs for children ages 5 and under

Twodaloo Toddlers!

(1.5 - 5 years and a caregiver)

Fridays 10:00 – 10:30 am – Ms. Neena

This program is held live over Zoom. Join us as we sing, read, and play together. Each week's story and songs will connect to the learning activity in Twodaloo Activities. **This program is designed for ages 1.5 -3 years, but preschool age children welcome to attend** [Register here.](#)

Twodaloo Activities! (1.5-3.5 years and a caregiver)

Kits available for pickup

These at-home activity kits (and instructions) are designed to build early skills and promote continued literacy learning. We'll give you everything you need for an easy to do weekly activity, pre-prepped and ready to use, just like those we include in our in-person programs. [Register here.](#)

Read and Play (Ages 3-5 and a caregiver)

Wednesdays 1:00-1:30 pm – Ms. Neena

This program is held live over Zoom. This program focuses on the five keys to early literacy—singing, reading, playing, talking, and writing. Each week's story and songs will connect to the learning activity in Read and Play at Home. [Register here.](#)

Read and Play at Home

(Ages 3-5 and a caregiver) Kits available for pickup
Our activity kits guarantee at home learning experiences that focus on Kindergarten Readiness. We'll include everything you'll need for a weekly pre-prepped art project, game, or experiment.

[Register here.](#)

Valentine's Taste Safe Sensory Kit

(Ages 6 months-5 years and a caregiver)

Kits available for pickup week of Feb. 14

It's important to engage babies, toddlers, and preschoolers in sensory exploration. Kit includes supplies for a sensory bin that kids can safely explore, plus learning extensions for different developmental stages. Kits are made primarily from ground Cheerios and free of most allergens and use Kosher ingredients. [Register here.](#)

Early Literacy Show and Tell (Ages 1.5-5)

Monday, 3/8, 10:30 – 11:00 am – Ms. Neena

This program is held live over Zoom. Each child will be given ample opportunity to show and tell at least one favorite item from home and encouraged to talk with others. We'll talk about the letters and sounds each object starts with, too! [Register here.](#)

Home School Space

For families that home school

Homeschool Space (Families who homeschool)

Alternating Fridays (2/5, 2/19, 3/5, & 3/19)

LIVE ON ZOOM, 1:00-2:00 pm – Ms. Neena

This program welcomes homeschoolers grades K-4. At this time, we can ONLY accommodate home schooling children—this does not include children enrolled in remote learning through a school district. Remote learners are instead welcome in all our other virtual and kit programming. This program promotes collaboration through virtual activities. This session, the focus will be kid driven social interaction. We may play group games like charades or we may just chat and be silly. Up to the group!

[Register here.](#)

Example activities from our Early Literacy Kits

School Age Programs

Activities for children enrolled in grades K-4

LEGO Social Club (Grades K-4)

Live on Zoom; Alternating Tuesdays (1/26, 2/9, 2/23, 3/9, & 3/23) 4:00-4:45 pm – Phil

Join Mr. Phil on Zoom to free build while socializing with friends. Kids will be given the space to chat freely and build or play with whatever materials they have on hand, whether LEGOs, other blocks, or even drawing materials. Don't have any LEGOs at home? **Borrow a LEGO building kit** featuring basic pieces from us for the duration of the program for free.

[Register here.](#)

Roblox Social Club (Grades 2-4)

Live on Zoom; Alternating Tuesdays (2/2, 2/16, 3/2, & 3/16) 4:00-4:45 pm – Phil

Roblox is a super popular online game that allows kids to make, play, and share games they have created. Kids can chat while exploring different games together. Both Zoom and Roblox must be downloaded to participate. [Register here.](#)

Metallic Slime Kit (Grades K-4)

Activity Kit and Tutorial

Available week of 3/1 -Miss Neena

We'll give you all the supplies you'll need to create your own metallic gold/silver slime at home. This may get messy, so we suggest clothes that can get stained. [Register here.](#)

Spy Club (Grades K-4 and families)

Activity Kits & Tutorial Provided, runs 9 weeks

Do you have what it takes to solve mysteries and be a spy? Weekly educational activities focus on the skills needed to become an expert spy, like forensic science, observation, mapping, and code breaking. Hands on games, puzzles, and more. Developing readers may need assistance with reading instructions. [Register here.](#)

STEAM: Paper Circuit Cards

(Grades K-4 and families)

Activity Kit and Tutorial

Available Week of 2/2 -Miss Neena

Paper circuits create cards with small LEDs that light up. This kit includes all the materials your family will need to make a light up card that can be given as a Valentine's gift, sent as a thank you, or kept! Follow our paper or video tutorials that explain the science. It is suggested that children and caregivers do this activity together. [Register here.](#)
