- Prologue

## Library Bill of Rights

The American Library Association affirms that all libraries are forums for information and ideas, and that the following basic policies should guide their services.

I. Books and other Library resources should be provided for the interest, information, and enlightenment of all people of the community the Library serves. Materials should not be excluded because of the origin, background, or views of those contributing to their creation.

II. Libraries should provide materials and information presenting all points of view on current and historical issues. Materials should not be proscribed or removed because of partisan or doctrinal disapproval.

III. Libraries should challenge censorship in the fulfillment of their responsibility to provide information and enlightenment.

IV. Libraries should cooperate with all persons and groups concerned with resisting abridgment of free expression and free access to ideas.

V. A person's right to use a library should not be denied or abridged because of origin, age, background, or views.

VI. Libraries which make exhibit spaces and meeting rooms available to the public they serve should make such facilities available on an equitable basis, regardless of the beliefs or affiliations of individuals or groups requesting their use.

Adopted June 19, 1939. Amended October 14, 1944; June 18, 1948; February 2, 1961; June 27, 1967; and January 23, 1980; inclusion of "age" reaffirmed January 23, 1996, by the ALA Council.

## **3. Service to Children & Youth**

**Pawling Free Library is dedicated to providing a warm, welcoming, exciting and safe environment for people of all ages. It is for the safety of each child that the Library has adopted this Service to Children and Youth Policy.**

**3.1.** Children under the age of 10 must be supervised at all times by a responsible adult (16 years or older). If a child is attending a Library program, a parent or designated caregiver must be aware of the location and behavior of his/her child.

**3.2.** Children ages 10 -17 may use the Library on their own provided that they comply with Patron Code of Conduct and additional Library policies. Parents/caregivers are still, however, responsible for the behavior of their children. If children do not comply with Library policies, Library staff may ask them to leave Library property, and the police may be contacted. If a child of this age group is not able to leave the Library without an adult, he/she should not be in the Library alone. Children must also have the phone number of a parent/caregiver that may be contacted in an emergency. In addition, any damage caused by a child is the responsibility of the parent or legal guardian, and will be subject to financial liability for damages.

**3.3.** The safety of children left alone in the Library is a serious concern of the Library staff. The staff, however, has many duties to perform in order to serve all the residents in Pawling. Library staff cannot monitor the behavior and safety of children using the Library. The responsibility for the safety and behavior of children in the Library rests with the parent/caregiver and not with the Library staff.

**3.4.** The Library is not responsible for children without a ride home at closing. Library staff will exercise appropriate procedures to ensure the safety of unattended children when the Library is closing. Parents/caregivers are responsible for being aware of the Library's hours of operation. Staff members are prohibited from providing transportation to a patron.

**3.5.** Parents/caregivers must also keep in mind that the Library may close unexpectedly for reasons out of the staff's control, such as a power outage, loss of heat, inclement weather, etc. Children should know what to do should this occur. Library staff cannot give rides to any child. If no ride has arrived within 15 minutes after closing time, staff will call the Dutchess County Sheriff's Department. Two Library staff members will wait for the sheriff with the child. Staff will record the parent's/caregiver's name, address, telephone number and the child's name. Once found, the parent/caregiver will be given a copy of the Service to Children & Youth Policy. Staff will refer any additional incidents to the police department.

**3.6.** Children under the age of 12 must have a parent/guardian signature to register for a library card. Children between the ages of 12 and 15 who register for a card without a parent/guardian signature will be limited to borrowing two items at a time.

**3.6.** Violation of the Service to Children & Youth Policy may result in suspension of Library privileges for the family.

## **5. Vulnerable Adults**

A vulnerable adult is an individual over the age of 18 who is mentally or physically challenged to a degree that may significantly impair that person's ability to provide adequately for his/her personal needs and manage his/her behavior without assistance. A parent/guardian or caregiver 18 years of age or older must be responsible for monitoring the activities and managing the behavior of vulnerable adults during their Library visits. Physically challenged adults who are capable of providing for their own needs are welcome to remain in the Library without supervision so long as a contact person is available in the event the adult's health or safety is in doubt. Providing access to the Internet is in keeping with the Library's mission to provide materials and information to help community residents meet their personal, educational, and professional needs. The Internet allows users to connect to networks of information, resources, and ideas outside the Library. **6.7.** Internet resources through the Library are provided equally to all users regardless of age. The Library upholds and affirms the right of each individual to access constitutionally protected material. A minor's access to the Internet, as well as access to all other materials, is the sole responsibility of the parent or legal guardian. The Library strongly encourages parents or legal guardians to supervise their children's Internet use and to provide them with guidelines about acceptable use. It is the responsibility of parents and/or guardians to safeguard their children's privacy online.

**6.8.** Damage to public computers due to physical abuse or transfer of malware, spyware or viruses to public computers by download or physical media will result in loss of Library privileges. Patrons may be subject to financial liability for damages.

**6.9.** All illegal activity, including all rules of copyright and personal property, must be honored. Information in the form of text, graphics, music, video, software, and other media retrieved or utilized electronically should be considered protected.

**6.10.** Computer users are required to abide by the Patron Code of Conduct while on Library property. Failure to abide by this code of conduct or to comply with staff directions will result in disciplinary actions at the discretion of the Library staff. Examples of disciplinary actions may include (but are not limited to) proscription of specific activities, temporary or permanent suspension of computer use privileges, and denial of access to the Library and its property.

**16.4** The library director will promptly review the written objection and, where appropriate, attempt to resolve the patron's concerns directly. If the patron is not satisfied with the response provided, and/or if the director decides that the situation warrants the input of the Board of Trustees, either or both parties may bring the written objection to the attention of the board. A patron desiring to do so may also request an opportunity to address the board at one of its monthly meetings.

**16.5** The board will promptly review an objection presented to it, provide an oral and/or a written response to the patron, and take any further remedial action warranted by the particular circumstances.

**16.6** The library reserves the right to share any information pertinent to a patron objection when consulting with outside parties such as lawyers, consultants, and other relevant professionals.

**16.7** The library endeavors to give a full, careful consideration to each objection. Therefore, official responses may be delayed until all appropriate parties (including subcommittees of the Board of trustees) have been consulted and the input of such parties has been presented and discussed.

**16.8** The decision of the Board of Trustees with respect to an objection will be final.

## 17. Copyright

**17.1** The Pawling Free Library complies with federal copyright law (Title 17, U.S. Code). It is the intent of this law to protect the rights of copyright owners from unauthorized reproduction of their works. This includes works that have been fixed in any format, including print, audio, video, and computer file, whether or not those works have been published.

**17.2** However, the law also recognizes the public benefit of allowing citizens to do limited copying from copyrighted works for educational purposes. Under the precepts of fair use ([section 107](#)), library patrons may copy or print parts of copyrighted works for limited, non-profit educational purposes. Copying that would replace or infringe upon a commercial sale of a copyrighted work (such as copying a work in its entirety, copying something for repeated use, or making exceedingly numerous copies of the same item) is forbidden. In such cases, library patrons should seek permission from the copyright owner before proceeding.

**17.3** The library provides coin-operated photocopy machines and networked printers for the convenience and lawful use by its patrons. While library staff members act in good faith, they cannot be liable for the acts of individual patrons using library materials or equipment.

**17.4** Beyond those stipulated by the law, the Library places no restrictions on the photocopying of library materials by patrons, except in cases where fragile materials may be damaged during the photocopying process.

**17.5** While library computers may be used for the downloading, copying, and distribution of digital materials, the staff will not intentionally engage in or assist patrons with digital piracy.

**17.6** In the course of their work, library staff seek to adhere to the tenets of Title 17 and will not knowingly fulfill patron requests that constitute violations of copyright law. Ultimately, however, the burden of copyright compliance falls on the library user rather than the staff member. As such, the Pawling Library disclaims any responsibility to inquire proactively into the intended use of copyrighted materials by library users.

## 18. Patron Safety

**18.1.** The safety of our patrons and employees is of the highest concern. The Pawling Free Library makes it a priority to ensure the safety of patrons to the degree to which the safety of the staff is not compromised.

**18.2.** No staff members are expected to endanger themselves in order to ensure the safety of others.

**18.3.** This Patron Safety policy applies to all employees and volunteers of Pawling Free Library, regardless of position within the organization. The Patron Safety policy applies to all subcontractors and anyone who is onsite on official library business. Every employee is expected to comply with the Patron Safety policy, as well as OSHA Health and Safety Standards.

**18.4.** Emergency situations are instances in which life or property is in immediate danger and help is required from an emergency agency, such as police, fire, or ambulance.

A. In an emergency situation, the staff is expected to notify an emergency agency (for instance, by pulling a fire alarm or calling 911). After an emergency agency has been notified, the staff will evacuate all patrons and staff members from the property.

B. Patrons are responsible for complying with staff instructions. If a patron refuses to leave the building, the staff's only responsibility is to notify rescue personnel of the patron's location once they themselves have safely exited the building.

C. If the fire alarm is pulled for any reason, the fire department will respond. Employees must proceed to evacuate the building regardless of whether they believe the alarm to be false.

**18.5.** The Pawling Free Library will be closed to the public any time that the Library Director and/or Trustees deem that opening the Library could pose a safety hazard to employees or patrons. The decision to close may be made by the Library Director, Board President, or Board Vice President; any such decision must be communicated immediately to the employees affected by the Library closure.

**18.6.** Additionally, any emergency agency summoned to the Library may make the decision to close the Library without first consulting with the Library Director or Board of Trustees. The staff is expected to comply with all instructions issued by emergency agencies.

## 19. Filming, Recording, and Photography Policy

**19.1.** The most significant priority for the Pawling Free Library is to provide library services to the community. The duty of fulfilling the Library's mission is the first priority of the Library, and any filming, recording, and photography is allowed only to the extent that it does not interfere with the provision of library services and is consistent with the Library's Patron Code of Conduct. The Library reserves the right to limit filming and photography on Library properties or inside facilities when such restrictions serve Library purposes.

**19.2.** The Pawling Library is a public space. As such, anyone on Library property is assumed to have given permission for the Library staff to take photos, videos, and recordings of them and to use those media in Library marketing materials and social media. Patrons have the opportunity to opt out of these permissions by filling out an Image and Recording Opt Out Form.

**19.3.** While the Library as an institution will comply with any Image and Recording Opt Out requests, the Library accepts no responsibility for images or recordings taken by members of the public. Any persons recording, filming, or photographing on Library premises have sole responsibility for gaining all necessary releases and permissions from persons who are recorded, filmed, or photographed. Failure to obtain releases and permissions from persons being filmed or photographed will be deemed unacceptable behavior for purposes of enforcing the Library's Patron Code of Conduct.

**19.4.** The Library has an open door policy for news media photographers and reporters who are doing stories or projects that directly involve the Library and its programs. We encourage news media to contact us in advance of any visit, so as to make it easier for us to facilitate access.

**19.5.** Casual amateur recording, photography, and videotaping is permitted in Library facilities for patrons and visitors wanting a remembrance of their visit or to document materials available in the Library. The use of additional equipment such as lighting is not permitted.

**19.6.** Filming, recording, or photography of Library events and programs will only be permitted with prior authorization of the Library staff and (where applicable) all presenters.

**19.7.** Outside groups making use of Library meeting facilities may arrange for photographers and news media during their event. In such a case, the event organizer must make an announcement at the beginning of the meeting or event that they have allowed photography, filming, and/or audio recording. Photography and media for such events are restricted to the space reserved by the group and may not take place in other areas of the Library.

## **I 6.4 Investment Policy**

There are three possible kinds of funds to be invested, each with a separate protocol.

1. Funds received from governmental entities. These, at this time, are received from the Town of Pawling, and from New York State (Bullet Aid). Prior to the expenditure of these funds, moneys are to be restricted to deposit in checking or savings accounts in local banks.
2. Endowment Funds. Permanently Restricted Funds received may be invested, at the recommendation of the Finance Committee (subject to ratification of the Board) in any financial instruments, bearing in mind the responsibility to combine the following investment aims – the minimization of the risks of reducing the corpus of the Endowment, and the maximization of returns, both in terms of increase in the corpus, and the provision of income for the Library. While currently there is only one fund, where there is no restriction as to the use of income, it is envisaged that there will in the future be additional endowment funds, whose purposes may vary. In this eventuality funds should be segregated. The Board of Trustees must follow all applicable laws, including UPMIFA (Uniform Prudent Management of Institutional Funds).
3. Temporarily Restricted Funds. These encompass funds received from private sources for capital or operational purposes. Because of the requirements that these funds be expended within a finite timeframe, any temporarily unused funds should be restricted to deposit in savings accounts at local banks.

## **I 6.5 Investment Policy for Endowments**

1. Return Objectives and Risk Parameters. The Pawling Free Library has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding, while attempting to increase the value of the endowment assets. Under this policy, as approved by the Board of Trustees, the endowment assets are invested in a manner that is intended to provide results that exceed or mirror the price and yield results of the S and P 500 index while assuming a moderate level of investment risk. The Pawling Free Library expects its endowment funds, over time, to provide an average rate of return of approximately six per cent annually. Actual returns in any given year may vary from this amount.

2. Strategies employed for achieving objectives. To satisfy its long-term rate of return objectives The Pawling Free Library relies on a total return strategy, in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends), The Pawling Free Library targets a diversified asset allocation that places a greater emphasis on equity-based investments to achieve its long-term objectives with prudent risk constraints.

3. Spending Policy. The Pawling Free Library invests its endowment funds and allocates the related earnings for expenditure in accordance with the total return policy concept. The endowment usage is determined in accordance with the policy adopted by the Pawling free Library. This policy fixes the spending range of endowment total return between 4.5% and 5.5%.of the average fair value of the assets since the inception of the endowment or the previous twelve quarters, whichever period is the shortest, with the objective being to hold the spending rate to no more than 5% average over time. Applicable endowments include donor-designated and Board- designated endowment funds.

Property that is obsolete, broken, has no useful purpose, and is of nominal value may be disposed of at the discretion of the Library Director by the most appropriate and cost-effective method. Surplus items that could neither be sold nor donated will be turned over for recycling if possible and economically feasible. The donation of surplus equipment to other local educational, charitable, social services, or to other libraries is encouraged. The Library Director is authorized to approve such donations on a case-by-case basis.

All furniture, fixtures, and equipment with a value of more than \$1,000 per item may only be disposed of per a vote of the Library's Board of Trustees.

## **I 7.9 Sexual Harassment**

### **A. Introduction**

The Pawling Library is committed to maintaining a workplace free from sexual harassment. Sexual harassment is a form of workplace discrimination. All employees are required to work in a manner that prevents sexual harassment in the workplace. This Policy is one component of the Pawling Library's commitment to a discrimination-free work environment. Sexual harassment is against the law and all employees have a legal right to a workplace free from sexual harassment and employees are urged to report sexual harassment by filing a complaint internally with the Pawling Library. Employees can also file a complaint with a government agency or in court under federal, state or local antidiscrimination laws.

### **B. Policy:**

1. The Pawling Library's policy applies to all employees, applicants for employment, interns, whether paid or unpaid, volunteers, contractors and persons conducting business, regardless of immigration status, with the Pawling Library. In the remainder of this document, the term "employees" refers to this collective group.
2. Sexual harassment will not be tolerated. Any employee or individual covered by this policy who engages in sexual harassment or retaliation will be subject to remedial and/or disciplinary action (e.g., counseling, suspension, termination).
3. Retaliation Prohibition: No person covered by this policy shall be subject to adverse action because the employee reports an incident of sexual harassment, provides information, or otherwise assists in any investigation of a sexual harassment complaint. The Pawling Library will not tolerate such retaliation against anyone who, in good faith, reports or provides information about suspected sexual harassment. Any employee of The Pawling Library who retaliates against anyone involved in a sexual harassment investigation will be subjected to disciplinary action, up to and including termination. All employees who believe they have been subject to such retaliation should inform the Library Director or the President of the Board of Trustees. All employees who believe they have been a target of such retaliation may also seek relief in other available forums, as explained below in the section on Legal Protections.
4. Sexual harassment is offensive, is a violation of our policies, is unlawful, and may subject the Pawling Library to liability for harm to targets of sexual harassment. Harassers may also be individually subject to liability. Employees of every level who engage in sexual harassment, including managers and supervisors who engage in sexual harassment or who allow such behavior to continue, will be penalized for such misconduct.
5. The Pawling Library will conduct a prompt and thorough investigation that ensures due process for all parties, whenever management receives a complaint about sexual harassment, or otherwise knows of possible sexual harassment occurring. The Pawling Library will keep the investigation confidential to the extent possible. Effective corrective action will be taken whenever sexual harassment is found to have occurred. All employees, including managers and supervisors, are required to cooperate with any internal investigation of sexual harassment.
6. When reporting any harassment or behaviors that violate this policy, all employees are encouraged to use the library's incident report form. The employee handbook specifies the protocol for employees to report harassment and file complaints.
7. Managers and supervisors are required to report any complaint that they receive, or any harassment that they observe or become aware of, to the Library Director or Board President.

# Pawling Free Library Policy Manual

8. This policy applies to all employees and all must follow and uphold this policy. This policy must be provided to all employees and should be posted prominently in all work locations to the extent practicable (for example, in a main office, not an offsite work location) and be provided to employees upon hiring.

## **C. What Is “Sexual Harassment”?**

Sexual harassment is a form of sex discrimination and is unlawful under federal, state, and (where applicable) local law. Sexual harassment includes harassment on the basis of sex, sexual orientation, self-identified or perceived sex, gender expression, gender identity and the status of being transgender.

Sexual harassment includes unwelcome conduct which is either of a sexual nature, or which is directed at an individual because of that individual’s sex when:

- Such conduct has the purpose or effect of unreasonably interfering with an individual’s work performance or creating an intimidating, hostile or offensive work environment, even if the reporting individual is not the intended target of the sexual harassment;
- Such conduct is made either explicitly or implicitly a term or condition of employment; or
- Submission to or rejection of such conduct is used as the basis for employment decisions affecting an individual’s employment.

A sexually harassing hostile work environment includes, but is not limited to, words, signs, jokes, pranks, intimidation or physical violence which are of a sexual nature, or which are directed at an individual because of that individual’s sex. Sexual harassment also consists of any unwanted verbal or physical advances, sexually explicit derogatory statements or sexually discriminatory remarks made by someone which are offensive or objectionable to the recipient, which cause the recipient discomfort or humiliation, which interfere with the recipient’s job performance.

Sexual harassment also occurs when a person in authority tries to trade job benefits for sexual favors. This can include hiring, promotion, continued employment or any other terms, conditions or privileges of employment. This is also called “quid pro quo” harassment.

Any employee who feels harassed should report so that any violation of this policy can be corrected promptly. Any harassing conduct, even a single incident, can be addressed under this policy.

## **D. Examples of sexual harassment**

The following describes some of the types of acts that may be unlawful sexual harassment and that are strictly prohibited:

- Physical acts of a sexual nature, such as:
  - Touching, pinching, patting, kissing, hugging, grabbing, brushing against or poking another employee’s body;
  - Rape, sexual battery, molestation or attempts to commit these assaults.
- Unwanted sexual advances or propositions, such as:
  - Requests for sexual favors accompanied by implied or overt threats concerning the target’s job performance evaluation, a promotion or other job benefits or detriments;
  - Subtle or obvious pressure for unwelcome sexual activities.
- Sexually oriented gestures, noises, remarks or jokes, or comments about a person’s sexuality or sexual experience, which create a hostile work environment.
- Sex stereotyping occurs when conduct or personality traits are considered inappropriate simply because they may not conform to other people’s ideas or perceptions about how individuals of a particular sex should act or look.

# Pawling Free Library Policy Manual

- Sexual or discriminatory displays or publications anywhere in the workplace, such as:
  - Displaying pictures, posters, calendars, graffiti, objects, promotional material, reading materials or other materials that are sexually demeaning or pornographic. This includes such sexual displays on workplace computers or cell phones and sharing such displays while in the workplace.
- Hostile actions taken against an individual because of that individual's sex, sexual orientation, gender identity and the status of being transgender, such as:
  - Interfering with, destroying or damaging a person's workstation, tools or equipment, or otherwise interfering with the individual's ability to perform the job;
  - Sabotaging an individual's work;
  - Bullying, yelling, name-calling.

## **E. Who can be a target of sexual harassment?**

Sexual harassment can occur between any individuals, regardless of their sex or gender. Harassers can be a superior, a subordinate, a coworker or anyone in the workplace including an independent contractor, contract worker, vendor, client, customer or visitor.

## **G. Where can sexual harassment occur?**

Unlawful sexual harassment is not limited to the physical workplace itself. It can occur while employees are traveling for business or at employer sponsored events or parties. Calls, texts, emails, and social media usage by employees can constitute unlawful workplace harassment, even if they occur away from the workplace premises, on personal devices or during non-work hours.

## **H. Retaliation**

Unlawful retaliation can be any action that could discourage a worker from coming forward to make or support a sexual harassment claim. Adverse action need not be job-related or occur in the workplace to constitute unlawful retaliation (e.g., threats of physical violence outside of work hours).

Such retaliation is unlawful under federal, state, and (where applicable) local law. The New York State Human Rights Law protects any individual who has engaged in "protected activity." Protected activity occurs when a person has:

- made a complaint of sexual harassment, either internally or with any anti-discrimination agency;
- testified or assisted in a proceeding involving sexual harassment under the Human Rights Law or other anti-discrimination law;
- opposed sexual harassment by making a verbal or informal complaint to management, or by simply informing a supervisor or manager of harassment;
- reported that another employee has been sexually harassed; or
- encouraged a fellow employee to report harassment.

Even if the alleged harassment does not turn out to rise to the level of a violation of law, the individual is protected from retaliation if the person had a good faith belief that the practices were unlawful. However, the retaliation provision is not intended to protect persons making intentionally false charges of harassment.

## **I. Reporting Sexual Harassment**

Preventing sexual harassment is everyone's responsibility. The Pawling Library cannot prevent or remedy sexual harassment unless it knows about it. Any employee who has been subjected to behavior that may constitute sexual harassment is encouraged to report such behavior to a supervisor, manager or the President of the Library's Board of

# Pawling Free Library Policy Manual

Trustees. Anyone who witnesses or becomes aware of potential instances of sexual harassment should report such behavior to a supervisor, manager or the President of the Library's Board of Trustees.

Reports of sexual harassment may be made verbally or in writing. Employees who are reporting sexual harassment on behalf of other employees should note that it is on another employee's behalf. Employees are encouraged but not required to use the library's incident report form.

Employees who believe they have been a target of sexual harassment may also seek assistance in other available forums, as explained below in the section on Legal Protections.

## **J. Supervisory Responsibilities**

All supervisors and managers who receive a complaint or information about suspected sexual harassment, observe what may be sexually harassing behavior or for any reason suspect that sexual harassment is occurring, are required to report such suspected sexual harassment to the President of the Library's Board of Trustees.

In addition to being subject to discipline if they engaged in sexually harassing conduct themselves, supervisors and managers will be subject to discipline for failing to report suspected sexual harassment or otherwise knowingly allowing sexual harassment to continue.

Supervisors and managers will also be subject to discipline for engaging in any retaliation.

## **K. Complaint and Investigation of Sexual Harassment**

All complaints or information about sexual harassment will be investigated, whether that information was reported in verbal or written form. Investigations will be conducted in a timely manner, and will be confidential to the extent possible.

An investigation of any complaint, information or knowledge of suspected sexual harassment will be prompt and thorough, commenced immediately and completed as soon as possible. All persons involved, including complainants, witnesses and alleged harassers will be accorded due process, as outlined below, to protect their rights to a fair and impartial investigation.

Any employee may be required to cooperate as needed in an investigation of suspected sexual harassment. The Pawling Library will not tolerate retaliation against employees who file complaints, support another's complaint, or participate in an investigation regarding a violation of this policy.

While the process may vary from case to case, investigations will be done in accordance with the following general protocol:

- Upon receipt of complaint, the Director or Board President will conduct an immediate review of the allegations, and take any interim actions (e.g., instructing the respondent to refrain from communications with the complainant), as appropriate. If complaint is verbal, encourage the individual to document his/her complaint in writing. If he or she refuses, prepare a complaint form based on the verbal reporting.
- If documents, emails or phone records are relevant to the investigation, take steps to obtain and preserve them.
- Request and review all relevant documents, including all electronic communications.
- Interview all parties involved, including any relevant witnesses.
- Create a written documentation of the investigation (such as a letter, memo or email), which contains the following:
  - A list of all documents reviewed, along with a detailed summary of relevant documents;

# Pawling Free Library Policy Manual

- A list of names of those interviewed, along with a detailed summary of their statements;
  - A timeline of events;
  - A summary of prior relevant incidents, reported or unreported; and
  - The basis for the decision and final resolution of the complaint, together with any corrective action(s).
- Keep the written documentation and associated documents in a secure and confidential location.
  - Promptly notify the individual who reported and the individual(s) about whom the complaint was made of the final determination and implement any corrective actions identified in the written document.
  - Inform the individual who reported of the right to file a complaint or charge externally as outlined in the next section.

## **L. Legal Protections and External Remedies**

Sexual harassment is not only prohibited by the Pawling Library but is also prohibited by law.

Aside from the internal process at the Pawling Library, employees may also choose to pursue legal remedies with the following governmental entities. While a private attorney is not required to file a complaint with a governmental agency, you may seek the legal advice of an attorney.

### **M. State Human Rights Law (HRL)**

The Human Rights Law (HRL), codified as N.Y. Executive Law, art. 15, § 290 et seq., applies to all employers in New York State with regard to sexual harassment, and protects employees regardless of immigration status. A complaint alleging violation of the Human Rights Law may be filed either with the Division of Human Rights (DHR) or in New York State Supreme Court.

Complaints with DHR may be filed any time within one year of the harassment. If an individual did not file at DHR, they can sue directly in state court under the HRL, within three years of the alleged sexual harassment. An individual may not file with DHR if they have already filed a HRL complaint in state court.

Complaining internally to the Pawling Library does not extend your time to file with DHR or in court. The one year or three years is counted from date of the most recent incident of harassment.

You do not need an attorney to file a complaint with DHR, and there is no cost to file with DHR.

DHR will investigate your complaint and determine whether there is probable cause to believe that sexual harassment has occurred. Probable cause cases are forwarded to a public hearing before an administrative law judge. If sexual harassment is found after a hearing, DHR has the power to award relief, which varies but may include requiring your employer to take action to stop the harassment, or redress the damage caused, including paying of monetary damages, attorney's fees and civil fines.

DHR's main office contact information is: NYS Division of Human Rights, One Fordham Plaza, Fourth Floor, Bronx, New York 10458. You may call (718) 741-8400 or visit: [www.dhr.ny.gov](http://www.dhr.ny.gov).

Contact DHR at (888) 392-3644 or visit [dhr.ny.gov/complaint](http://dhr.ny.gov/complaint) for more information about filing a complaint. The website has a complaint form that can be downloaded, filled out, notarized and mailed to DHR. The website also contains contact information for DHR's regional offices across New York State.

### **N. Civil Rights Act of 1964**

# **Pawling Free Library Policy Manual**

The United States Equal Employment Opportunity Commission (EEOC) enforces federal anti-discrimination laws, including Title VII of the 1964 federal Civil Rights Act (codified as 42 U.S.C. § 2000e et seq.). An individual can file a complaint with the EEOC anytime within 300 days from the harassment. There is no cost to file a complaint with the EEOC. The EEOC will investigate the complaint, and determine whether there is reasonable cause to believe that discrimination has occurred, at which point the EEOC will issue a Right to Sue letter permitting the individual to file a complaint in federal court.

The EEOC does not hold hearings or award relief, but may take other action including pursuing cases in federal court on behalf of complaining parties. Federal courts may award remedies if discrimination is found to have occurred. In general, private employers must have at least 15 employees to come within the jurisdiction of the EEOC.

An employee alleging discrimination at work can file a “Charge of Discrimination.” The EEOC has district, area, and field offices where complaints can be filed. Contact the EEOC by calling 1-800-669-4000 (TTY: 1-800-669-6820), visiting their website at [www.eeoc.gov](http://www.eeoc.gov) or via email at [info@eeoc.gov](mailto:info@eeoc.gov).

If an individual filed an administrative complaint with DHR, DHR will file the complaint with the EEOC to preserve the right to proceed in federal court.

## **O. Local Protections**

Many localities enforce laws protecting individuals from sexual harassment and discrimination. An individual should contact the county, city or town in which they live to find out if such a law exists.

## **P. Contact the Local Police Department**

If the harassment involves unwanted physical touching, coerced physical confinement or coerced sex acts, the conduct may constitute a crime. Employees who believe criminal behavior may have taken place should contact the local police department.

# Pawling Free Library Policy Manual

## **I 7.10 Termination of Employment & Discipline**

A. Employees may be terminated for substandard work without notice during the introductory period.

B. It is the policy of the Library that all employees are expected to comply with the Library's standards of behavior and performance and that any noncompliance with these standards must be corrected. Under normal circumstances, the Library endorses a policy of progressive discipline as outlined in the employee handbook. It does, however, retain the right to administer discipline in any manner it sees fit. This policy does not modify the status of employees as employees-at-will or in any way restrict the Library's right to bypass the disciplinary procedures suggested.

D. All standard part time employees' hours are reviewed before the start of the fiscal year. The Library, at the discretion of the Director, may permanently reduce standard part-time employees' hours by sixty (60) percent at any time. Regular part-time employees will be given two (2) weeks' notice to the reduction his/her schedule. At the end of that fiscal year it will then be decided by the Personnel Committee if the employee will be re classified as part-time. All other part-time employee classifications' hours are subject to monthly scheduling.

E. If budget cuts necessitate a reduction in staffing levels, the Library Director will determine which positions can be cut to create the least negative effect on Library services, and submit a plan to the Library's Board of Trustees for approval before implementation.

F. Employees who are laid off will be paid for unused Paid Time Off that has not been utilized per the Library's policy.

*Accepted by the Library Board of Trustees December 13th 2012*

## **P 1 Pandemic Response Plan**

### **P 1.1 Hierarchy of authority**

In the event of a declared public health emergency involving a communicable disease, the Pawling Free Library will operate in accordance with its Pandemic Response Plan. If any part of this plan conflicts with executive orders governing an epidemic issued at the local, county, state, or federal level, the Library will follow the executive orders rather than the written plan. During each public health emergency, the Library will adopt phased closure and re-opening protocols based on the best available information and legal requirements pertinent to the emergency. These protocols will be distributed to the staff and communicated to the public via the Library's website as soon as they have been approved by the Board of Trustees.

The Library Director as authorized by the Board of Trustees administers the Pandemic Response Plan. This includes activating the plan, establishing an internal communications network, and coordinating all response and recovery activities. If, for any reason, the Director is unable or unavailable to administer the plan, administrative authority shall be passed to the longest-tenured available department head.

This plan has been developed, approved, and placed in full effect in accordance with S8617B/A10832 which amends New York State Labor Law section 27-c and New York State Education Law paragraphs k and l of subdivision 2 of section 2801-a (as amended by section 1 of part B of chapter 56 of the laws of 2016), as applicable, to address public health emergency planning requirements.

### **P 1.2 List and description of positions considered essential**

The Library Director has primary responsibility for the financial and physical operations of the Library. S/he will be considered essential in all emergencies.

The Adult Program Coordinator, Young Adult Program Coordinator, Children's Program Coordinator, and Circulation Supervisor all have limited responsibilities pertaining directly to the financial and physical operations of the Library. Each of these individuals may be designated by the Library Director as essential on a short-term basis in order to use the Library's facilities temporarily for the express purpose of attending to matters of financial or physical operations.

The Library operates in partnership with essential local service providers such as the Pawling School District, Pawling Resource Center, and the Grand Rehabilitation and Nursing Center. The Library Director may designate any library employee as essential on a short-term basis in order to use the Library's facilities temporarily for the express purpose of providing support to the ongoing operations of essential local service providers.

During a declared public health emergency, the Library might be granted authority to continue some core library functions such as technology assistance, lending of materials, and the provision of programming. To the degree to which such functions may be legally permitted to continue, the Library Director may designate any library employee as essential whose on-site work would contribute to the successful continuation of such functions.

The Library contracts with external companies for cleaning, bookkeeping, and property maintenance. The Library will grant access to its facilities to any person deemed essential by his/her employer to the provision of contracted services to the Library, provided that s/he complies with the health and safety protocols instituted by public officials and the Library.

### **P 1.3 Descriptions of protocols to follow to enable all non-essential employees to work remotely**

Each employee is responsible for ensuring that s/he has access to an internet connection. The Library Director is responsible for assigning each employee work that can be done remotely. If the employee does not have access to a computer suitable for the work assigned s/he may borrow a computer owned by the library.

If any employee encounters any other obstacle which prevents him/her from working remotely, s/he must notify the Library Director immediately.

# **Pawling Free Library Policy Manual**

## **P 1.4 Description of how employer would stagger work shifts to reduce overcrowding**

The Library Director will maintain a calendar indicating the work schedules of the circulation staff. In the event that the employee schedule would otherwise create an overcrowded workspace, the Library Director will create the opportunity for one or more simultaneously scheduled employees to work from a socially distant or remote work station.

The Director will coordinate the schedule for employees and contractors reporting to the library in-person to perform essential tasks so that the Pawling Library remains in compliance with the state-ordered reduction of in-person workforce. No employee or contractor is permitted to report to the Library without authorization from the Director.

## **P 1.5 Protocols for PPE**

Personal Protective Equipment will be made available to every employee for every on-site shift. Employees will also have the option of using Personal Protective Equipment which they have acquired on their own, provided that the equipment meets the standards specified by public health officials.

As appropriate, the Library will provide a face covering to any employee who requests one. If for any reason the Library is unable to provide adequate Personal Protective Equipment for any given shift, no employee will be permitted to work on-site until sufficient Personal Protective Equipment can be provided.

Personal Protective Equipment will be stored in a location chosen to prevent degradation and permit immediate access by all staff members. For instance, if gloves are required Personal Protective Equipment, they will be available near sinks, and the reserve supply will be in a storage place which does not require a key to access.

The Pawling Library will provide any necessary training for mandated PPE including proper use and disposal. Failure to comply with Personal Protective Equipment mandates may result in disciplinary action.

## **P 1.6 Protocol for when an employee is exposed to disease**

The Library will take precautions to limit the possible exposure of its employees, volunteers, essential visitors, and patrons. If an employee has reason to believe s/he has contracted the disease while working, any space used by the employee will be closed until the professional cleaning service used by the Library has cleaned the space in a manner consistent with all relevant public health guidelines. As necessary, the space will be quarantined for a length of time specified by local or state health departments prior to cleaning.

If an employee tests positive for the communicable disease which precipitated the public health emergency, the Library Director or designee will immediately notify state and local health departments and cooperate with contact tracing efforts, including notification of potential contacts, such as workers or visitors who had close contact with the individual, while maintaining confidentiality required by state and federal law and regulations. The employee will not be permitted to return to on-site work until authorized to do so by the state and local health departments.

Employees are permitted to apply accrued Paid Time Off towards any absence due to communicable disease or quarantine. Additionally, eligible employees will be permitted to participate in any special time off designated by local, county, state or federal government.

## **P 1.7 Mitigation of risk**

Reporting to work following a known-exposure to the communicable disease, having symptoms consistent with the communicable disease, or following a positive test without being medically cleared to return to work as defined above will be considered a violation of library policy and may result in disciplinary action.

The Pawling Library will not take any retaliatory action for employees not reporting to work due to a suspected or confirmed case of the communicable disease. Employees must follow the established protocols outlined in the Personnel Policy for reporting an absence.

## **P 1.8 Protocol for documenting hours and work locations for essential workers**

# Pawling Free Library Policy Manual

The Library Director will maintain records of days worked on-site by employees and essential visitors. The Library Director will use these records to cooperate with contact tracing efforts, including notification of potential contacts, such as workers or visitors who had close contact with the individual, while maintaining confidentiality required by state and federal law and regulations.

## **P 1.9 Protocol for working with essential employees' localities for identifying emergency housing if needed**

Any employee who cannot safely commute to the Library during the epidemic will be asked to work remotely.

## **P 1.10 Any other requirement determined by the New York State Department of Health, such as testing and contact tracing**

The Library will cooperate with the New York State Department of Health to the fullest possible extent permitted by law and library policy. As emergency directives are issued, the Library will adjust its operations to conform with the latest directives.

*Accepted by the Library Board of Trustees November 12, 2020*

## **P 2 Proactive Infection Plan**

### **P 2.1 Screening**

The Library will screen all employees and essential visitors as described below. The Library will also screen patrons on a strictly voluntary basis.

The Library will remotely screen via electronic form all employees and essential visitors scheduled to work in any Library building before each shift about any COVID-19 symptoms identified by public health officials in accordance with the U.S. Equal Employment Opportunity Commission's (EEOC) Pandemic Preparedness in the Workplace and the Americans with Disabilities Act including confidentiality of medical information. The Library will delete any personal health data two weeks after its date of submission.

Screening will consist of the following questions:

(<https://coronavirus.health.ny.gov/travel-large-gatherings-and-quarantines>)
4. Do you attest that you will wear a clean, appropriate face covering while working, in accordance with Library policy?

Library staff or screened visitors should immediately notify the Library Director or designee if the answers to these questions change later, regardless of whether the change occurs during or outside work hours.

The Library Director or designee will review all responses collected by the screening process on a daily basis and maintain a record of this review.

# **Pawling Free Library Policy Manual**

The Library will maintain a log of all Library staff and essential visitors in the facility including contact information. This information will be used to trace and notify staff and visitors in the event an employee is diagnosed with COVID-19.

## **P 2.2 Visitors that Test Positive for COVID-19**

The Library will observe directions from local health officials for best practice in staff and public health safety in the event that a Library visitor reports developing symptoms related to COVID-19 or testing positive for COVID-19 when they have recently visited the Library.

If an individual who has visited the Library reports testing positive for COVID-19, the Library will notify local health officials.

The Library will work with local health officials to notify staff and visitors that may have been in contact with the infected visitor, while maintaining the right to the privacy of their health information of the visitor, and the confidentiality of library records.

## **P 2.3 Employees that Test Positive for COVID-19 or Report COVID-19 Symptoms**

The Library will observe directions from local health officials for best practice in staff and public health safety in the event that a staff member or Library visitor reports developing symptoms related to COVID-19 or testing positive for COVID-19.

Library staff that develop symptoms related to COVID-19 or test positive for COVID-19 will be directed to not come into the Library (or to leave the Library if they are already at work), and contact a medical professional or the local health department immediately. The Library will provide the employee with the healthcare and testing information available on the Dutchess County website: <https://www.dutchessny.gov/Departments/DBCH/dbch.htm>

The Library Director or designee will immediately notify state and local health departments and cooperate with contact tracing efforts, including notification of potential contacts, such as workers or visitors who had close contact with the individual, while maintaining confidentiality required by state and federal law and regulations.

If an employee tests positive for COVID-19 or shows symptoms of COVID-19 he or she may only return to work with the written permission of a doctor. If an employee has had close contact with a person with COVID-19, he or she may return to work after completing a 10 day self-quarantine.

Employees who have been alerted that they came in close or proximate contact with a person with COVID-19 via tracing, tracking, or other mechanism are required to report this information to the Library Director.

## **P 2.4 Closure and Disinfection Plan**

The Library Director or designee may decide to close any or all portions of the Library for disinfection whenever a significant event occurs which poses an immediate hazard to building occupants. Any affected areas will be cleaned and disinfected in accordance with CDC cleaning and disinfection recommendations before being reopened for use.

## **P 2.5 Personal Protective Equipment**

The requirements for personal protective equipment at each stage of re-opening are listed in the Library's Re-Opening Protocols. A patron may remove his or her face covering temporarily to consume a beverage while he or she is at least six feet distant from the nearest person unless doing so would violate any library policy. Employees may remove their

face coverings temporarily to consume food or beverage, use the library telephone system, or to work in an unshared space, provided that they observe social distancing protocols whenever they are without a face covering.
